Madam VPAA:

*Greetings from the Office of the Student Affairs and Services!*

Covid-19 pandemic brought many challenges in the academic community which resulted in the shifting of teaching and learning from face-to-face to online/virtual classrooms. This pandemic also brought challenges and issues to our students which affects their learning capacities. With this dilemma, the Office of the Student Affairs and Services through our unit coordinators from Health Services and Student Handbook Development would like to seek permission in your good office the conduct of **Virtual Consultative Meeting** reading on **Mental Health Policy** as part of the 2021 Edition of our Student Handbook. The said consultative meeting will be held on **November 11, 2021 at 2:00 o'clock** in the afternoon. Link for the virtual conference room will be sent one (1) hour before the meeting proper.

To make this consultative meeting possible, we would to invite the following: OSAS Chairpersons, Unit Heads for Student Handbook Development, Health Services, FSSC and SSC President (outgoing and incoming), SBO Presidents, Guidance Counselors, Faculty Association President and other stakeholders. Their role is a great help for us in polishing the crafted Mental Health Policy as one of the solutions to the present situation of our students.

We are hoping for your favorable response regarding this matter. Thank you.

Yours in the name of student affairs and services,

  
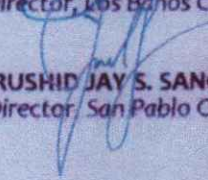

**JAYSON N. OLAYTA, MRD**  
Director, OSAS
